

**20TH CENTURY
IS FOR CANADA**

Sir Wilfrid's Eloquent Speech in Toronto Has Nationally As Its Keynote.

Toronto, Jan. 7.—Nationality was the inspiring note prevailing throughout the Laurier banquet at the Nations club tonight. It was not a politics gathering but the premier received great plaudits from the assembly which included Toronto's most prominent men of both parties. A special honor was given Sir Wilfrid Laurier of giving the banquet to W. K. McNaught, M.P.P., London, Ontario, last year. Sir Wilfrid made a felicitous

the guests included Sir Wm. Mulock, Justice Mabee and Senator Robert Lafray, Hon. E. J. Davis and E. K. Lemieux, Ottawa. Two hundred covers were laid. The floral decorations were magnificent. Chairman Irving in proposing the toast of Sir Wilfrid Laurier said they honored him as a great Canadian, irrespective of politics. Laurier was given an ovation and cheer-

place largely filled by the United States in the nineteenth century. It was the Canadians and one fault it was that they did not sufficiently appreciate their own country. He was sure that some Canadians shared the feelings of the author, that the Canadian winter was a drawback.

Reverting to the development of the west and the land north of the Laramie, he declared that Sir John Macdonald was a great man, but if ever any policy was and he instance of further developments in Northern Alberta as the opening up of new agricultural lands. He mentioned the rivers at Colton and Porcupine Lake, an earnest of Canada's claim to the twentieth century.

Canadian Achievements.

Referring to Canadian achievement, Laurier spoke of the great distinctions in geology attained by Sir Wm. Logan and Sir Wm. Dawson; in arts by Madame Albani; in sculpture by Philip James de Loutherbourg; and in knowledge of the country's richness in the literary field.

He paid a great tribute to the late Sir B. O'Brien and Hon. Edward Blake whose eloquence and statesmanship as Canadians, he said, should follow the example of Americans in their zeal to beautify their cities. He referred to the benefit from the annual grant of \$20,000 to the Canadian Club, and concluded Sir Wilfrid said that while

I do not need mention that I tried to do my best for Canada, for its prosperity and for its glory;²¹ he ended amid cheers and applause.

QUEEN'S CHURCH CONNECTION

Question of Re-adjustment is Under Committee's Advisement.

Ottawa, Jan. 7.—One more step has been reached in the matter of the re-adjustment of the constitution of Queen's University, Kingston, which will likely result in a re-organization of the present constituents of the University and the church. A meeting was held here this morning.

The matter is to be laid before the assembly's commission at Kingston during convocation week.

HE SHOWED HIS SYMPATHY.

Would Not Run Against His Beloved

St. Catharines, Jan. 7.—Irene Leavie, McMan and ex-leave William McGill of Thorold have been engaged during the past week in a heated contest for the mayoralship of this city. Yesterday Mr. McGill's wife was taken seriously ill and died last night. As soon as word reached Mr. McMan he at once decided that he would not continue the contest, and would now continue the fight and has retired from the contest, leaving Mr. McGill elected by acclamation.

Mrs. McGill was a daughter of the late Joseph Upper, Alabaster, one of the oldest residents of Thorold township. One son, Arthur, assistant superintendent of the Niagara, St. Catharines & Toronto Railway, survives.

Britain in Nicaragua.

Washington, Jan. 7.—The commander of the British cruiser Scylla sent an ultimatum to the revolutionary and government forces at Nicaragua, that there must be no fighting within Greytown where the houses are owned by British subjects.

PRINCIPAL ROBERTSON TO TRAVEL AND STUDY

Head of Macdonald College, Quebec, from West Kootenai Institute, and Principal of the University of British Columbia, are now well established.

Montreal, Jan. 7.—The Montreal newspapers contain an announcement foreboding the immediate retirement of Dr. Jean W. Robertson from the principality of the new Macdonald College of St. Anne de Bellevue.

The announcement is in these terms: "When Principal Robertson, of Macdonald college, requested leave of absence for the winter, it was remarked that it might be a first step towards a wider field of service for Canadian agriculture, and the betterment of conditions of rural life generally."

Dr. Robertson now confirms that expectation by stating that he will leave for January for Switzerland, France and Denmark, to study at first hand the rural economy of those older countries where notable progress has been made through agricultural education and co-operation.

Incidentally he has been able to acquire an excellent command of the French language, for use in the province of Quebec. It will be remembered that he was at one time pointed by the commission for the constitution of universities in that province to devote a large part of his time and energies to his duties as a member of that commission.

After visiting Europe, he will go back to Canada generally, for a few months in summer, and after a period in Newfoundland, he will go to Australia, South Africa and India.

About a year will be occupied in these travels and investigations. In the several countries, Dr. Robertson will take opportunities to collect various kinds of information on the various economic conditions, the various sources of Canada, and also on the wonderful developments by its people.

His long experience in the field of agriculture for the Dominion gave him an intimate and comprehensive knowledge of Canadian agriculture, such as he possesses in no other country while his work at Macdonald College has brought him into close contact with what is foremost and best in education for the building up of the country in its children, its teachers, and its houses.

The men and women on Canadian farms will be pleased to learn that one who is generally recognized as one of the foremost will spend the winter, from their point of view, in the United Kingdom and in the various countries of the empire; and they will be still better pleased when, after the years of post-natal education, of the settlement down to them to continue his labors of love in the advancement of agriculture and education.

Strained Relations With McGill. Though the announcement came as a surprise to the public it has been known at the University of Montreal since last October. Dr. Robertson announced that he was leaving McGill University, with which Macdonald College is affiliated, that he intended to retire as soon as he could do so without injury to the institution which was founded upon his life laid down by him. The reasons for his action can only be surmised, but it is believed that there has been some strain from the beginning.

Strained relations between Prof. Robertson and the governing powers of McGill, the latter, however, have concealed jealousy the pouring of millions by Sir William Macdonald, his benefactor, into educational enterprises which they regarded as less important than the classical, scientific and medical institutions maintained by the University. Dr. Robertson maintained his position until the lines laid down by him and until his character as an agricultural and technical school was established; and now retired to carry a life of travel and study outland in his emigration.

A BILLION DOLLAR CITY. Winnipeg Bank Clearings Show Big Increase Over 1915.

Winnipeg, Jan. 7.—Winnipeg started out the year determined to be a billion dollar city as far as the bank clearings are concerned, and the same pace is kept up during the year as was shown in the first week. The figures will be well over that mark by the end of the year. Although the first week of the year never a big one if the same weekly figures are kept up the year's clearings will amount to \$1,000,000,000.

The big increase over last year is due to the fact that the banks' business and the total for the year will run about twenty million dollars more. All that is needed to make this a billion dollar city is a monthly increase of twelve and a half million dollars. The figures for the banks' business of the year for the past three years are as follows: 1913, \$1,000,000,000; 1914, \$1,200,000,000; 1915, \$1,400,000,000.

LATHAN BOARED 3,000 FEET. French Aviator Broke All Records For High Flying.

Paris, Jan. 7.—Hubert Lathauze, aviator, today smashed the world's record for flight by reaching an altitude of 3,000 feet at Mourmelon, a Monoplane. The previous height was made by Louis Paulhan, of France, in 1911, at 2,000 feet. It was about 1,000 less than today's figure. There is no doubt of Lathauze's record as he used an official standard.

Melona Blizzard Still Continues. Helena, Mont., Jan. 7.—The severe blizzard which has prevailed since Tuesday in eastern Montana still continues. Two west bound trains on the Northern Pacific have been held at near Livingston. The dining cars were well supplied with provisions to provide for emergency. Many other trains are being held at other points.

TWENTY-FOUR YEARS AGO.

From the files of the Edmonton Star, Saturday, January 8th, 1892.

Where is the man who prophesied a winter of snow? Telegraph line went down on Thursday night east of Edmonton. The wires here returned last week successful. They saw tracks but no deer.

M. G. Gies, mines the coal required for his own use on his own claim on the west side. The mines here are to be removed from Calgary to Glenora as secured definite shape.

Ball at Fort Saskatchewan on New Year's night, given by the police. A very pleasant and successful affair. The amusement school attendance was the limit of taxation for school purposes from half a cent to a cent on the dollar.

The Presbyterian Indian Mission School on Stony Plain was opened on Monday last with an attendance of seventeen pupils. The Rev. J. G. Gies and W. F. Fielders have been awarded the contract of carrying the mail between Edmonton and St. Albert.

A mist overspreading the country on Thursday last gave notice that the thermometer was hovering in the neighborhood of 30 below. The police at the Fort. Payment was made in cash instead of checks, as usual. The present school year is most profitable.

NEGRO CAUSES TROUBLE. Diplomatic Negotiations to Determine the Man's Nationality. London, January 7.—A negro who had been convicted of a crime and served a sentence in a prison in the United States, was returned to New York, but was refused permission to land there, as he was unable to satisfy the authorities of his American citizenship. He was sent to Southampton.

The negro mentioned in the London dispatch is probably George Howard, 23 years old, who was deported from the United States on July 25, being returned from New York to the United States on the White Star liner Arabic. He had arrived at New York after deportation by the British government, but was unable to convince the port authorities that he was entitled to entry into this country.

TAFT EMULATING THE BIG STICK WIELDER

In Message to Congress He Deals With Interstate Commerce and Anti-Trust Legislation. Prosecution of Trusts Will be Continued U. S. Policy.

Washington, D. C., Jan. 7.—President Taft today sent to congress a message on interstate commerce and anti-trust legislation. He stressed the importance of holding corporations responsible for their actions and the need for a court of commerce to regulate the interstate commerce commission.

He urged the railway employees' safety, and urged new features of liability law. State control of corporations is vigorously attacked.

He charged it with responsibility for making corporations and trusts a firm stand for continued power. He demands that railroads be forbidden to raise their rates and would give the interstate commission power to regulate the rates.

The president also includes a vigorous promise that the prosecution of trusts will be continued unflinchingly.

TEAM LEAVES FOR OTTAWA.
The Edmonton hockey team is now on its way to Ottawa, to play a match this afternoon on the regular C.P.R. train pull out of the Strathcona station. Accompanying with it the players in a private motor car and a party of friends in a private motor car. The "Buckens," which will carry the cup-winners to Ottawa without change. The trip will be made by way of Winnipeg, St. Paul, Chicago and Toronto, Ottawa being reached on Thursday. The team of last year's team will join the Edmonton contingent at Moose Jaw, and of Winnipeg will field who will play cover point will be added to the team.

Arrangements have been made for work on the rink at Winnipeg, St. Paul and Toronto. The team will arrive in Ottawa on Thursday in time for a first victory in the evening.

The team is constituted as follows:
Goal—Jack Winchester.
Goal—High Ross.
Center—Billy Field.
Right—Fred Whitcroft.
Center—Harold Deaton.
Left—Bert Boulton.

The sum of \$1500 has been raised by the hockey championship to the expense of the trip to Ottawa which is being made by the players on a co-operative basis. The proceeds from the game played will be the sole source of their expenses. Win or lose the team will go on a home-terminating tour through Quebec and Ontario after the cup games. Matches have already been arranged with Renfrew and Montreal teams.

The personnel of the party which left this afternoon in the car "Buckens" was as follows: Bert Boulton, Mr. and Mrs. Winchester, Mr. and Mrs. Miller, Mr. Harold Deaton, Walter Miller, Fred Whitcroft, Mr. and Mrs. Pickett, F. Cameron, C. Taylor, Mr. and Mrs. Cunningham, J. Dwyer, E. Shore, R. F. Brichard, Deaton, Walter J. Morris, Tom Griffith.

OTTAWA 3, GALT 1.

Ottawa, Jan. 2.—The Galt team, although heavily out of the running for the cup, put up a good battle against Ottawa and won only by the score of 3 to 1. The Ottawa's played quite a few of the team of Wednesday night, but to fact were the Galt team that Ottawa's advantage was not great. The only change on the Galt team was the substitution of Cochran for Manson and the change was for the better. The Galt team for Ottawa was not in his usual form, put up a good game. The officials tonight were Lester Pickett and Charlie Spittal, the Galt team having referred to play under Bower and Campbell. The play was fast and rugged at times and the crowd which was very small, but was enthusiastic over. The change from Galt's miserable showing in the first game, was marked and had they played in tonight's form on Wednesday, they might have had a chance for the honors.

Their strength tonight lay in their close checking which at times was rather rough. Their shooting was wild and Lester had a comparatively easy time of it. Lohman in goal for the Galt team was busy and performed exceedingly well, breaking up strong rushes in great style. The play was largely Ottawa's but the Galt defense was so strong that little score was done. The first half which was very short through the mistake of a timekeeper, Stuart shot the only goal. Hildpath and Deaton were both sent to the fence twice in the half for rough work. The second half was fast and the crowd liked the play. Hildpath and Charlton scored in quick succession. The Ottawa's outlasted the Galt and finally but could not score for some minutes when Lake sent another past Lester. The teams were:

Ottawa.
Lohman..... Goal
Lester..... Goal
Lake..... Point
Shore..... Center
Stuart..... Right
Wash..... Center
Bickel..... Right
Kerr..... Left
Ken Mallen was substituted for Shore in the last half.

The officials were: Referee, Lester Pickett; judge of play, Charlie Spittal. Summary—Ottawa: Stuart, 1 min. Hildpath 1 min. Lake 1 min. Galt—Charlton 2 min.

Our Robber Captured.
Nigama Falls, Ont., Jan. 2.—Chief Kimmins and men assisted by the G. T. R. have in the last ten days un-derneath a band of five young car rob-ber operating in the G. T. R. yards, and stealing from the cars clothing, tools and shoes and turkeys. The quintette, who appeared before the magistrate this afternoon, are Ben Warren, 41, Clarence Stevens, 25 years; H. R. Bentley, married, 35; Harry Can-ton, 15; Wm. Leach, 25. The first four were charged with theft and Leach with receiving stolen goods. All pleaded guilty. Harry Cannon, the youngest of the gang, was dismissed on suspended sentence on a bond of \$50 for good behavior. The others remained for one week for sent-ence.

Crinoidal's Long Record.
Toronto, Jan. 2.—Frank Hall, under arrest at Scotland Yard on charge of forgery, larceny and uttering bank-ers cheques and awaiting trial at the April sessions at Guildford, is wanted by the Toronto police on two charges of forgery. Hall came to Canada from England in 1906, and spent most of his time in Toronto. He returned last September. While here he worked for a newspaper, and had in his posses-sion a number of forged cheques. Queen Alexandra, that he was an-ime tutor to her children. He is also wanted at Windsor and Toledo for forgery. His police record is a long one.

Winnipeg Suicide.
Winnipeg, Jan. 2.—The body of W. Fairbairn was picked up on the west bank of the Red river at late hour this afternoon, a short distance from the Canadian Hospital, where the deceased had been confined. Fairbairn was re-sult of an attempt made at suicide. Fairbairn was convalescent, and it was of thought necessary to keep a close watch over him. At four o'clock this while the nurse's back was turned, Fairbairn escaped from the hospital attend only in his sleeping gown. He got far as the river before he collapsed. An inquest will probably be held. The deceased was an Englishman, 42 years of age.

WORKING ON BIG CONTRACT.

Dr. McInnis is getting gangs of men into the field almost daily in connection with his \$100,000 contract for the supply of lime, lumber, etc., for the Alberta and Great Waterways. Road work. Sub-Contractor Hartman has gone out with 40 men and will be back again early next week for more. Contractors Campbell & Brown have been working for some 50 men. Dr. McInnis leaves this afternoon and will go over the right of way to Lac Beauport to arrange for supplies, and the getting of the men to work.

MAD DOG SCARE AT PRESTON.

Chief of Police and Others Were Bitten.
Galt, Jan. 2.—A mad dog scare re-sulted in the neighborhood of Preston and the whole community is in a state of terror. A brown collie from Galt ran through the streets, attack-ing pedestrians and other dogs. Two persons were bitten. Chief of Police Levan pursued the dog, and was trying to capture him alive, when he was bitten badly later on the hand. He then sent the Chief Levan and then to send Chief Levan and then to the Pasture institute at New York at the expense of the town. Half a dozen dogs were bitten and are claimed up to await development.

Beef Trust Prepares.

New York, Jan. 2.—Smith & Co.'s annual statement shows that 1905 was the best year in the history of the company. Its assets increased from \$101,000,000 to \$112,954,206 in the last twelve months. It also shows that it distributed \$4,200,000 to the hold-ers of \$80,000,000 of stock, that it paid full interest on its \$5,000,000 worth of bonds, that it set aside a liberal sum for dividends and replacements and that it put away the enormous sum of \$4,000,000 out of last year's profits alone. The total surplus of the com-pany to date is \$22,500,000, which is equal to 25 per cent of the total capital of the company.

RENUNCIATION.
In yesterday's change of program at the Starland another excellent bio-graph drama was exhibited, entitled "Renunciation." The scene is laid in the Yellow Hills mining camp, and opens showing the miners at work in the foreground the inseparable chums, Steve and Sam. Steve is a true com-munity his fascinating little niece, Kitty, who was up for a holiday. It did not take her long to cause hap-piness in a true miner's fashion, ally between the two chums. That at last became critical and a chal-lenge was arranged between them. Joe re-turned to his cabin to prepare for the fight, although he knows that he is bound to be victor, as his name as a deal shot is well known. Picking up an old photograph of himself and his friend, he begins to think of all they have been to each other in days gone by. Gradually he relents and writes a letter renouncing all claim to Kitty. Meanwhile Sam comes to his erstwhile friend's cabin, and tells him just a low-keyed con-flict. At a most crucial moment Kitty runs in and parts them, thereby intercepting a calamity. On finding that she is the cause of their conflict, Steve and Sam are reconciled. The friends pledge the young couple's happiness in a true miner's fashion, and thus bring to a close their past unity. The same will be shown to-day and tonight.
